

A **Press Conference** opened our Congress. The authorities that were involved were Antonio Menegon, presidents of Fisps, Jean-Louis Tuailon and Bruce Lochhead, president and co-president of Fips, Rik Head, secretary of Fips, Anna Panizza and Aurelia Sandrini, Mayors of Vermiglio and Ponte di Legno, Michele Bertolini, president of Adamello Ski, and Simona Bordonali, Assessor of Regione Lombardia. All of them were very satisfied about what will happen during the next days and wish us all the best.

The moment that we all were waiting for has finally come. These are the pictures that better represent our feelings and emotions of today during the **Opening Cerimony**. Now that the works have begun, we are ready to enjoy all the moments that we are going to live together thinking about the importance of our job.

Can you see how fantastic is our team?
